

INT. CONDO - DAY

Shady condo salesman DICK (played by Nick Kroll) walks in and shows off a spacious, new, unfurnished condo.

DICK
So what do you guys think?

Clive Owen (played by Craig Bierko) looks over to his girlfriend, Isla Fisher (played by Jayma Mays). She immediately whips out her credit card.

ISLA
We'll take it!

CUT TO BLACK:

CHYRON: What if you found the perfect condo...

INT. CONDO COMPLEX - DAY

Isla looks at the halls of the complex with wide-eyed amazement. The halls are barren. They are obviously the first people to move in.

ISLA
We're the first one's here! We get to decorate.

Clive Owen can only shake his head.

CLIVE
I never should have turned down Bond.

CUT TO BLACK:

CHYRON: in the perfect complex...

INT. CONDO COMPLEX - DAY

Isla skips down the halls.

ISLA
I'm going to put some flowers there. And a painting there.

Isla isn't paying attention to where she's skipping and slams face first into a wall. She collapses backwards and falls to the ground.

ISLA (CONT'D)
And a door there.

CUT TO BLACK:

CHYRON: But what if you found out it was...

INT. BEDROOM - NIGHT

Isla walks into the bedroom. She turns on the lights. Standing directly behind her is JACKSON, a serial killer who wears one of those new-fangled hockey masks.

Before Jackson can even do anything, Isla saunters over to a door and opens it up. She starts screaming!

ISLA
AAAAAH! You call this a closet.

The closet is absolutely tiny. And Tom Cruise is standing in the back of it.

TOM CRUISE
Would you close the doo...

Tom looks over Isla's shoulder at something.

TOM CRUISE (CONT'D)
Who's the hunk?

Isla turns around to see who Tom is talking about but there's nobody behind her. Isla seems freaked out.

CUT TO BLACK:

CHYRON: PERFECTLY EVIL!

INT. CONDO - NIGHT

Isla and Sam are both clutching the phone as they try to talk into it at the same time. They are beyond scared.

ISLA
What else is wrong with this condo?

SAM
You didn't tell us everything.

DICK (ON PHONE)
(solemn)
That apartment building was built
on an old campsite.

In the background, Jackson appears holding a gigantic machete. He slowly makes his way towards the frightened couple.

INT. REAL ESTATE OFFICE - DAY

Dick sits at his desk.

DICK
A bunch of counselors let a young
boy drown. There was a massacre
there some ten years later.

INT. CONDO - DAY

Jackson is now right behind Isla and Sam! He raises his machete up. They are doomed!

DICK (V.O.)
But that might have had more to do
with the campsite being built on an
old Indian campground.

Jackson is viciously tackled by a Native American warrior zombie.

INT. REAL ESTATE OFFICE - DAY

Dick is now painting his toenails.

DICK
The tribe was slaughtered by
American troops and the last
remaining warrior swore vengeance
on the white man.

INT. CONDO - NIGHT

INJUN tries to kill Jackson.

INJUN
Death to the white man.

JACKSON
How do you know I'm white?

INJUN
Hockey mask give you 'way.

BY THE PHONE

Sam and Isla are still clutching the phone and listening to Dick's every word.

DICK (V.O.)
He won't rest until he takes as many scalps as Indians died that day.

In the background, we see The Injun stand up; he looks like he wants to attack someone.

INJUN
No compromise with white man.

JACKSON (O.S.)
I thought we got past that.

Jackson, now wearing a cut up basketball on his head and an Obama pin on his jacket, is backing up as he puts masking tape down the middle of the floor.

JACKSON (CONT'D)
If they are on this half of the room, you get to kill them. If they are on my half--

ISLA
--Oh phew!

SAM
That is such a relief.

Injun and Jackson are surprised by Sam and Isla's response.

ISLA
I thought it had something to do with my twin brother who died in the womb.

Injun and Jackson look at one another. This can't be good.

CHRISTIAN, a creepy looking young boy (played by Tony Cox in whiteface), drops from the ceiling and lands between Injun and Jackson. He punches the two in the groin.

CHRISTIAN
Who's full retard now?!

ISLA
(into phone)
Thank you so much.

Isla hangs up and walk off. Before he leaves the room, Clive turns on an oscillating fan. The fan moves to the right and blows on a small house plant.

Some particles fly off of the plant and head over towards the three bad guys and cause them to start moonwalking, talking silly, and then strangling themselves.

The fan moves away from the plant.

Jackson, Christian, and Injun stop killing themselves.

CHRISTIAN
What's happening?

The fan moves back over and the monsters are back to offing themselves.

JACKSON
When the fan moves away from the fern, we have to run.

INJUN
Run like the wind.

CHRISTIAN
No! Faster!

They watch the fan. It moves away from the plant.

They run for the door. They open it and are greeted by the BELLA AND EDWARD from Twilight.

EDWARD
Care to invite me in... for a bite?

INJUN, JACKSON, & CHRISTIAN
No!

Bella steps forward.

STEWART
Well, could you at least buy us some beer?

Injun slams the door in Bella's face. The three evildoers turn to head back into the apartment but the fan is moving their way. They begin to do another Michael Jackson dance and then punch themselves in the groin.

They wait for the fan to move. It finally goes the other way. They sprint for the bedroom.

INT. BEDROOM - NIGHT

Injun, Jackson, and Christian run into the room and are stunned to see Isla and Clive standing in front of their bed, each holding two huge knives. They are wearing cheap masks ala The Strangers.

CHRISTIAN

Wait, what?

ISLA

It's because we're home.

The bad guys look at one another and don't seem impressed.

JACKSON

That's fucking lame.

CLIVE

Uh, no. It's scarier when you don't have a motive.

INJUN

What a joker.

ISLA

At least we're not trudging around, holding grudges like a little bitches.

Just then the phone rings. Everyone stares at it. They don't pick it up. One missed call comes up on the LED. The answering machine picks up.

ANSWERING MACHINE

Hey you've reached Sam and Chloe.

CHRISTIAN

Do people really still have answering machines like that?

INJUN

Seriously.

ISLA
We're on a budget, OK.

JACKSON
Like I couldn't tell by the masks.

Clive gives Jackson the finger.

The answering machine BEEPS.

DICK'S VOICE
Hey, it's Dick. Sorry to call so late, I just forgot to tell you something. Whatever you do, don't go in the attic.

Everyone looks up at the drop down attic door in the ceiling.

The door is kicked open and CHRIS BROWN drops out. He stabs Jackson through the chest with an umbrella.

Isla and Clive scream and run out.

Jackson takes off the basketball and puts his hockey mask back on.

JACKSON
No! I'm white. I shouldn't die this early.

Chris Brown stabs Jackson again, killing him. He turns to set his sights on Injun but sees that the Native American is now standing behind a small booth with a slot machine next to it.

INJUN
Place ya bets! Who gets killed next?! Place ya bets!

INT. CONDO COMPLEX (HALLWAY) - NIGHT

Sam and Isla run through the halls screaming. They look for somewhere, anywhere they can go to hide.
